**UI/UX Designer** I am a User Interface designer with strong UX sensibilities. With my professional experience, I have the ability to solve complex problems through beautiful on target designs that satisfy clients and users.

## EXPERIENCE

### Freelance

2011 - Present

### UI/UX Designer

I worked on various freelance projects with a number of clients, including PhD Labs, ConnectGo, TeleLingo and SniperLab.

Developed visual design and UX for digital products, website and software applications for mobile devices.

### Denнемeyer

Brasov, Romania

Nov 2017 - Aug 2018

### UI/UX Designer

- Responsible for the overall and consistent experience which is embedding our client, including software, client portals, and websites
- Creating or optimizing the information architecture of IP management applications
- Creating visual designs for websites, microsities, web stores, software
- Conceptualize and produce CI guides, visual guides, development guides
- Creating support concepts; conception and production of guides, manuals, and other online support measures

### Mondly Languages / ATi Studios

Brasov, Romania

Feb 2014 - Jun 2017

### UI/UX Designer

- As part of the Mondly team from the beginning and the first designer there, I was responsible for solving a wide range of problems including:
- Designing the iOS, Android and Web apps
  - Wireframing and iterating on potential solutions
  - Designing and prototyping solutions for the users
  - Validating through user research
  - Creating app animations and presentations movies
  - Building a Style Guide and making sure that it's used correctly
  - Communicating ideas to team members and pitching the solutions
  - Worked closely with developers to ensure we achieve a pixel perfect design
  - I was involved in all aspects of the product lifecycle

## EDUCATION

### Transilvania University of Brasov

2011 - 2015

### Electrical Engineering and Computer Science

Fundamental knowledge of programming languages, development of software and applications for control of industrial processes.

No final certificate.

**Dimitrie Ghika Technical College**  
2007 - 2011

**Baccalaureate in Mathematics and Computer Science**

Opportunity to combine an appreciation of mathematical reasoning with an understanding of computing.

## AWARDS

**Platinum / Top Level Designer**  
2017

### 99designs

Top Level (previously Platinum designers): "These designers are the pinnacle of our community - and they've worked hard to get here! Their designs are of the highest quality, clients adore them and they're dedicated to staying at the top of their game."

## PROJECTS

### Mondly Languages
